Phygital Telepresence for clinics

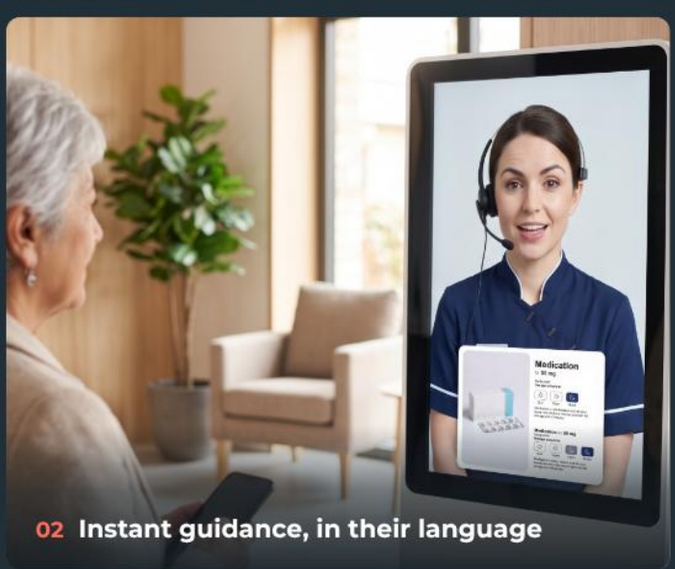

# #Phygital Clinic

Patients scan the Video Kiosk QR code with their phone and, within seconds, a medical receptionist from the clinic network or the Contact Center answers on video.

Guidance, appointments and prescription tickets without lines, privately and without relying on the staff on site at each location.

01 **Video Kiosks in the waiting room, connected in seconds**

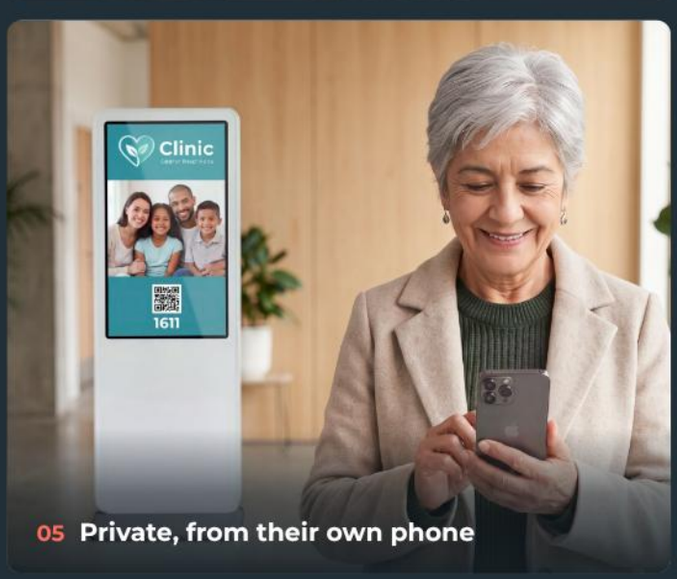

02 **Instant guidance, in their language**

03 **From Remote Agents across the network**

04 **Or from the Contact Center**

05 **Private, from their own phone**
