

Video RTC • HA

Forget the Technology
It's about Business

Interactive **Powers**

Streamline your business communications

We understand **RTC** has to be highly reliable.
CPaaS | SaaS | On Premise

A perspective view of a server room aisle. The aisle is flanked by rows of server racks on both sides. The racks are filled with server units, some of which have green indicator lights. The floor is covered with a light-colored, perforated metal grating. The ceiling is white with recessed lighting fixtures. The overall atmosphere is clean and professional, typical of a data center environment.

Video RTC

Video Gateways for advanced Real-time Communications on existing Contact Centers. Multi-channel coverage for Web Browsers, Mobile devices and IoT.

High Availability Cloud Ready

Unlimited Elastic RTC Channels Capacity
