- ✓ Leading TTS/STT engines included
- ✓ Real-time monitoring
- ✓ Human-agent escalation ready (SPLIT)

Minimum billing 10,000 min/mo · Setup €300 · customer provides DID numbering and SIP trunk

Capacity plans — Human Agents

Pay for available capacity, not per person: every node includes up to 100 users

Vocal

\$399 /mo

5 voice channels

The voice of your web and app: digital calls with no minutes, numbering or roaming. IVR (DTMF) and SIP PBX compatible.

Kiosk

\$399 /mo

1 phygital kiosk

A physical service point offering in-person assistance: kiosk, tablet, or QR code with centralized management.

RECOMMENDED

Visual

\$699 /mo

5 voice & video channels

The complete virtual/digital channel: video calls and transactional calls via the web, app, or WhatsApp.

Ultimate

\$999 /mo

1 kiosk + 5 voice & video channels

The phygital process at a single node, extended with video calls and transactional calls via the web, an app, or WhatsApp.

Video Recording — pay for what you record and what you store

Three consumption lines: forecast minutes + storage at real measured cost, visible in your panel

Line	Standard quality (SD)	High quality (HD)	Monthly minimum
Recording · forecast (per 1,000 min/mo)	\$6	\$12	5,000 min → \$30 \$60
Main Storage · REC (per real GB·mo)	\$0.30	\$0.50	\$75 \$99
Deep Storage · ARC (per real GB·mo)	\$0.06	\$0.10	\$30 \$50

Service minimum: \$75 (SD) | \$99 (HD). SFTP export or backup to your own storage: up to 1 TB \$299 · 2 TB \$499 · 3 TB \$699 · +\$200 per TB. Nothing is deleted without your decision: the archive accumulates your history, and exported blocks stop billing.

Reference: 30,000 min/mo in SD with one full year archived ≈ \$526/mo, in three lines auditable from your panel.
